

Dear Mr. Watson,

After all my
plans are nicely matured
for the botanical trip
through northern Washington
and Idaho, I was
obliged, for reasons con-
nected with home duties,
to postpone it until
another year. In the set-
tle of plans I hoped to receive
for Harvard University
will not be ready for
delivering this year.

With many thanks for
your kindness in
advising me about
the expedition.

I am sincerely
yours -

Grace Celeroy.
